BUTT WELDING FITTINGS,
FLANGES, FASTENERS, ETC

Phlex TC has been specifically developed for METAL MARKET encompassing *Manufacturers, Stockists, & Traders*. As Quality Control is a very critical function pertaining to Order fulfillment. Phlex TC offers the versatility to handle this critical obligation with a single click of a button.

PhlexTC empowers the users to maintain systematic track of all the received orders due for dispatches requiring **TEST CERTIFICATES** citing the requisite **CHEMICAL & MECHANICAL parameters (Tensile, Hardness, Impact)** prior to dispatch of material.

- State of the art software encompassing all your TEST CERTIFICATE needs
- 250 + Customers Pan India across industry verticals embedding Steel Industry
- Easy to use – Guranteed. No prequalification or computer expertise required
- Ideal for any enterprises dealing in Engineered Steel – Foundaries, Forgings, Manufacturers, Traders

The product typically encompasses all the core data pertaining to the Quality Control parameters relevant in generation of Material Test Certificates (MTC) in both 3.1 & 3.2 formats. PhlexTC is well suited for business houses dealing in Engineered Steel.

The software offers both Ferrous – MS, CS, SS, DUPLEX, SUPER DUPLEX and Non Ferrous – INCONEL, INCOLOY, MONEL, HASTELOY, NICKEL, TITANIUM ALLOYS conforming to Global Standards (ASTM, ASME, IS, etc).

SERVICE FEATURES AND BENEFITS

TECHNICAL SUPPORT

One Year Technical support bundled with the purchase of any variant of the SOFTWARE

AMC PLANS

Robust AMC plans to choose from based on your organizations requirement.

CHOICE OF TWO AMC PLANS
